

40" x 48" Medium-Duty BulkPak®

Automotive Components ■ Bearings ■ Hardware ■ Industrial Equipment
■ Metal Parts ■ Plastics and Rubber ■ Resins and Powders ■ Tools

The medium-duty BulkPak® 4048 GP Series was designed for a wide variety of product sizes, shapes and weights. It allows more parts to be handled, stored and shipped...with fewer containers and in fewer trips. The advanced design results in a consistent tare weight that improves inventory and shipping efficiencies.

With a weight capacity 1,500-2,000 pounds, these containers are ideal for all types of food, industrial or beverage applications, as well as for international shipments

These containers are structural-foam molded in high-density polyethylene for durability. Custom protective dunnage is available for all ORBIS BulkPak containers. (See page 7.)

Structural channel cover available for added product protection and secure stacking.

CGP4048 (cover)

100% recyclable

Consistent tare weight

Ventilated sidewalls available on 32" and 46" models.

All-plastic construction eliminates risk of rust.

Full picture frame bottom reduces risk of "short forking".

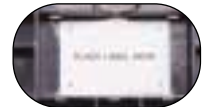

Self-standing sidewall for safe and efficient assembly and collapse.

Cardholder

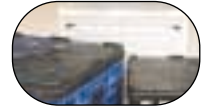

ID Plate

Label Placard*

Placard Board*

BulkPak Covers

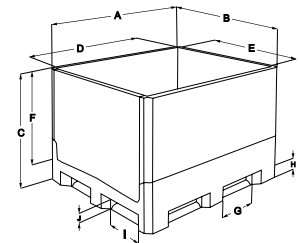

- >> 8 heights: 32", 34", 36", 38", 39", 43", 46" and 50"
- >> Access Doors: 0, 1 or 2 doors on the 40" side (Door configurations vary by model)
- >> Base: All-plastic picture frame bottom
- >> Deck: Solid deck on all sizes and ventilated deck on 32" and 46" models
- >> Sidewalls: Solid sidewalls on all sizes, ventilated sidewalls available on the 32" and 46" models
- >> Cover: CGP4048-SC (structural channel molded)
